Hello all directors

Some of you know me, Rose Rogan, Perennial Ridge Farms, on Jordans Lane, in Sahtlam. Area E, zoned R2

I am appalled at the new policies coming out in the OCP.

This affects myself, my farm and many many many many others.

I have been an outstanding citizen in Sahtlam, providing eggs, veggy, fruit and nursery stock and young chicks and turkey poults to all fellow citizens here, and farther in other districts.

I was a volunteer firefighter with Sahtlam Fire Dept for over 16 years.

I started up an annual food drive, for the local food bank, and this food drive still happens every year !.....I pay my taxes on time, keep my property clean.

Have been here for 30+ years and have had farm status the whole 30 years through.Now, I am being told, I can only have 6 hens, no roosters.

How is this possible?my farm is my income, I have had no outside job, and now have a small pension. This will make a big dent in my income and the farm status.and you would like a lower front fence,,,,,so there goes all my crops and orchards. The deer and the elk stay out, with my expensive fencing....so how can you tell me you want to see a lower front fence. All of this is

going backwards in society. We are here to help others, feed others with wholesome home grown food. All these new bylaw are going to make a very negative impact on my farm, and others. Please think about all this.

If you cannot turn this all around, then really I would think about resigning,

That may sound blunt, but your \$50,000 fine a day is pretty blunt too.

Who knows where a person would even come up with that kind of money, when operating a farm.

Your truly, your local farmer
Rose Rogan
