Hello all!

To start, thank you for all the hardwork you put into our community. I just wanted to share a thought into the new proposed bylaws around food trucks, specifically section 4.14, as this would make it more challenging for these businesses to operate.

I try to support local business when I can. Helping my neighbours and boosting our local economy is important to me. As a consumer, I am a semi-new mom to an almost 2 year old. Food trucks are especially great for our family, because it allows us to feel a little more comfortable to treat ourselves. We can be a little more at ease with louder happy squeals not disrupting other diners. Our daughter tried her first ice cream at Drifters, and loves having nibbles of our burgers from Phat Bastard Eats.

I humbly request you revisit this bylaw section and keep making the choice to support local easy. 😊

Kindly,

Evita Raghunan
