Hi all,

Please leave the current rules in place for food trucks. Allow them to stay open as long as possible each day and to stay in one spot for the entire season. It is imperative that there is a large food truck selection to choose from in the Cowichan area. Please do not allow section 4.14 to go through as this will force the closure of many of them. We want the food trucks to operate as long as possible throughout the year.

If you curtail food trucks or any restaurants for that matter with harsher rules and regulations, they will close and the people of the area will be forced to take their business elsewhere. Please stop and think and promote as many small / tiny businesses as possible for the area.
