I am writing this note to express my concerns brought to my attention by Drifters Creamery a local seasonal ice cream vendor in the Cobble Hill and Mill Bay Areas.

Apparently a new or proposed by law change will make it untenable for them to continue their operations which will require them to only operate 8 hours and remove their Food Truck every day.

Not sure what the objective of this by law is but seems to me that it is unreasonable to impose this type of restriction on a vendor such as Drifters. The location they are situated in is a draw and does not appear to impose challenges to anyone else.

I strongly object to imposing this unreasonable requirement to a vendor such as Drifters, they make our community better and add vibrancy to our community.

I ask that you reconsider or have exemptions for vendors such as Drifters Creamery.
