- > I'm writing to voice my concern over the huge proposed changes to our current bylaws.
- > My family and I live on a 1ac parcel in Mill Bay zoned RR3. We have lived here for 14 years now and love it. We moved here for the peace and quiet and the ability to have various animals.
- > Since moving here we have been raising chickens and sheep, even bees and while back.
- > My 2 girls have been raised here and have been involved in 4H for the past 6 yrs. Our youngest is very involved in the local Cobble Hill 4H sheep club. She has raised her sheep since they lambs and shows them at all the local fairs.
- > When she heard that CVRD may be changing the rules, she was and is devastated that she may not have a place to keep them anymore and give up her passion for her animals. She will not be the only one that will be affected by this. All of the 4H clubs in the CVRD will be affected. Many families will lose the ability to keep there animals which they have been raising for years. Raising animals helps the kids grow, it teaches them responsibility and helps the community grow, gives meaningful purpose to what they enjoy in life.
- > Not only will this affect kids that love their animals it will affect the local bussiness as well. It will create hardship for people who rely on raising animals to feed their families, to help supplement income's.
- >
- > I hope and pray that the board will allow meaningful dialogue with the tax payers of the CVRD before final decision is made.
