CVRD

Your ByLAW 4710 is outrageous and against farmers and people that like to have gardens and chickens and produce their own foods.

It makes me sad that the CVRD prefers to support the FOOD CORPORATIONS that are scamming the public at an uncontrolled pricing regarding food & groceries. With NO end in site.

At what point do we loose all choices and control involving our own properties. If you wish to have such control you should also support with payments on taxes, maintenance, upgrades, insurances, overhead. Would you?
