To the CVRD Board, Planning Staff, and Legislative Services

as a growing number of concerned residents regarding the proposed zoning bylaw.....

I respectfully ask the CVRD to slow this process down, clearly communicate how these changes will impact residents and property owners, and reconsider any sections that introduce unnecessary restrictions, confusion, or overreach.

Given the significance of these changes, this process should be paused until after the upcoming elections to ensure that decisions of this magnitude reflect the most current public mandate.

A bylaw of this scale and importance should not be advanced without ensuring the public fully understands it and has had meaningful opportunity to provide input. Please ensure that the voices of those affected are genuinely heard before proceeding further.

Sincerely,

Dean
