To the CVRD Board, Planning Staff, and Legislative Services, I am in shock and disbelief to learn that this is what our local government is spending time and money on.

I am concerned that staff members who are contemplating these changes are extremely out of touch, misaligned, and misrepresenting the community regarding the proposed zoning bylaws.

In no way do I support any of this, nor did I ask for this. This is clearly government overreach, infringing on people's rights and freedoms. This is not a game, these are people's livelihoods you are meddling with.

A bylaw of this size should not be rushed through without proper public understanding and meaningful public input. Please make sure the people affected are genuinely heard before moving this forward.

Sincerely,
D. Tyson S. Kral
