We are writing to register our formal opposition to the proposed Comprehensive Zoning Bylaw No. 4710.

This 329 page document is an unacceptable and appalling overreach that ignores the basic realities of rural life, specifically regarding livestock restrictions and especially fence height limits that invite wildlife damage. If we have to lower our fences we could have no garden, no produce to donate to local food banks.

Please record our objections to these predatory fines & administrative policies before any further steps are taken to finalize this bylaw.

Thank You,

Ed & Adriana James
Area I residents.
