Subject: South cowichan regulation changes

I'm a homeowner in the area, very firmly against the changes and regulations without public consultation.

Remember, you are elected officials, not rulers, and you can be replaced.

These types of regulations have no place in rural areas.

The fence heights are stupid,

Crackheads already got around the fence that's 6 feet tall in my yard, to steal over \$10,000 worth of personal items, It's sexist to say that people can't have roosters, but they can have chickens.

Many people live in RVs on their property because the Canadian CPI hasn't caught up with a 300% increase in cost of living, Imposing this rule is not going to change the problematic drug dealers and crackheads living in uninsured RVs on the streets, it will only affect tax paying citizens.

Imposing daily fines on the use of wharves and docks that have been there for decades is ridiculous, stop trying to squeeze the people that are paying you taxes or everybody will just leave and you will never be voted in again.

Tim Ward
